

Statement of Work – Equipment for Manual Eradication of Illicit Crops

INL BOGOTA PR 6326046 Protective Equipment Statement of Work (SOW)

1. Background

Under the Bureau of International Narcotics and Law Enforcement (INL) and the Counter-Narcotics program, the U.S. Department of State provides training, equipment, and capacity building to support the Colombian Police's Antinarcotics Directorate (Dirección Antinarcóticos/Diran), the Ministry of Defense's General Command (Comando General), the Colombian Army, and the Colombian Navy in operations related to manual eradication of illicit crops around the country of Colombia. These activities help the Colombian government to reduce the production of cocaine and limit the role of organized criminal groups. At the present time, the Colombian forces (mentioned above) require the equipment described below. This acquisition will improve the Colombian government's ability to enforce manual eradication activities by making them more efficient, effective, and safe by reducing the risk of land mines. This project is part of a primary strategy to support logistical and training efforts related to counter narcotics operations.

3. Delivery

THE VENDOR IS RESPONSIBLE FOR THE SHIPPING AND FINAL DELIVERY OF ALL ITEMS LISTED ABOVE

Statement of Work – Equipment for Manual Eradication of Illicit Crops

Selected vendor should have no more of **30 (thirty) days** to deliver the full order after the award of the contract. The 30 days term will start with the Purchase Order delivery date. All items must be delivered to **INL Warehouse**.

Below you can find shipping delivery address, and marking and packing guidelines.

The Contractor shall consolidate the entire shipment to prevent loss and misdirection. The contractor upon notification shall replace any lost or damaged items during shipment.

The vendor should package the equipment the way it will be delivered to the end user, which one device in each box ready to unpack and use (rather than disassembling parts and packing them by part, which would require putting them together upon delivery).

The items being acquired will be donated to the government of the ultimate destination, Colombia. The contractor shall ensure that all items are prepared for safe shipment and include all necessary export approvals, required material data safety sheet, licenses, and paperwork. One copy of the packing list and commercial invoice must accompany the shipment, attached to the outside of the “lead” or number one box/carton/package, or individually attached to the outside of each box/carton/package.

All items established on this SOW can be delivered by multiple shipments to INL freight forwarder headquarters in Doral, Florida. Freight Forwarder Information and POC:

a) SHIPPING ADDRESS

INL Warehouse:
EMBAJADA DE ESTADOS UNIDOS DE AMERICA –
CALLE 22B NO 32-62, ZONA INDUSTRIAL
ATTN: BODEGA INL
BOGOTA, COLOMBIA

b) MARKING AND PACKING

All boxes shall be mark as follows (i.e. please see below) with clear visibility.

(Improperly marked shipments may be rejected by the Government)

PLEASE NOTE:

All orders are ultimately intended for an overseas destination. If the shipment will involve wood packaging material, then the packing and palletizing must conform to the standards in the International Standards for Phytosanitary Measures Publication No. 15: “Guidelines for Regulating Wood Packaging Material in International Trade” (ISPM 15) and have the appropriate markings indicating that the materials meet this standard. Any deliveries arriving at

Statement of Work – Equipment for Manual Eradication of Illicit Crops

our indicated domestic delivery address that do not meet these standards will be rejected and must be corrected at the contractor's expense.

Multiple shipments are acceptable. Delivery to INL Warehouse

4. Warranty, maintenance and replacement of parts

Helmets, face protection and gloves must have a minimum of 3 months general warranty from the date of items arrival to INL warehouse in Colombia. Warranty must cover defects in materials and workmanship. If INL receives a warranty claim for defects in material or workmanship, the product(s) will be sent to the vendor's location to perform an evaluation, with no charge to INL, to verify the status of the claim and the product. If the warranty department of the vendor determines that the product has a defect covered under the warranty, vendor must replace. INL is not responsible for any transportation charges. Replacement products must be in new condition. INL does not accept used items or refurbished.

5. Custom Clearance and Tax Exemptions.

If applicable, the U.S. government will assist the Contractor in obtaining customs clearance and tax exemption certificates from the Government of Colombia accordance with Section 7 – Inspection and Acceptance.

a) EXPORT LICENSE

The Contractor shall comply with Sections 38-40 of the Arms Export Control Act (AECA) (22 U.S.C. 2778-2780) and the International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120-130) as required, for the prosecution of work under this contract at no additional cost to the Government. Failure to be in compliance with AECA and ITAR by date planned for commencement of contract performance as well as during the entire performance of work under this contract may result in contract termination. Any penalties rendered to the Contractor, as a direct result of being found non-compliance with AECA and ITAR will be the responsibility of the Contractor. For additional information on AECA and ITAR, see <http://www.pmdtdc.state.gov/>.

The Contractor shall comply with license requirements of the Commerce Control List and any Export Administrative Regulations (EAR), which may apply.

6. Inspection and Acceptance.

The final inspection and acceptance of ALL items shall be performed by the U.S. government upon their arrival at the INL warehouse in Bogota, Colombia. The payment(s) to the Contractor shall be made following satisfactory inspection and acceptance of products by the Office of INL in Colombia. If item does not fulfill requested technical specifications, INL Bogota will return

Statement of Work – Equipment for Manual Eradication of Illicit Crops

the items to vendor location through INL Freight forwarder. Vendor shall evaluate and replace returned items with no transportation cost to INL.

INL will have 30 days (Calendar Days) to inspect and accept all items after arrival date to INL Warehouse.

All items will be delivered to CNP Diran, Colombian Army and Colombian Navy via the INL Warehouse in Bogota, Colombia. The INL's logistics team will document receipt and transfer of items as they arrive. An INL generated receiving report shall include the complete inventory of all equipment received for transfer, detailing: item description, brand name, serial number (when provided.) and any special features noted. To facilitate accountability, maintenance records and end use monitoring, the INL Logistics team shall affix a serial number sticker on each item.

7. Period of Performance.

The Period of Performance for this contract is 30 days. Vendor must fulfilled the contract and deliver 100% of the items requested within 30 days after the delivery of the Order.

8. Evaluation Factors

Evaluation shall be made based on a "Best Value" basis using an acceptable/non-acceptable technical specifications. The following Evaluation factors shall be used:

1. **Technical Acceptability:** The Contractor shall be evaluated based on their ability to meet the requirements of each item in the Statement of Work.

The Government shall evaluate the Offeror submitted Technical Proposal, schedule of deliver, to ensure technical understanding of the requirements of each item. Evaluation shall be made based on an Acceptable/Unacceptable basis. Acceptable meets the requirements, Unacceptable does not.

2. **Price:** The Contractor shall be evaluated based on a fair and reasonable price. INL reserves the right to disqualify any proposed Offeror that does not meet the above requirements.
