SPECIFICATIONS

SPECIFICATIONS Humanitarian Demining Strategic Command Center (SCC) Visualization & Geo-Positioning System Specifications

The equipment consists of the following:

3x3 Video Matrix connected to the server that stores and generates terrain maps. The terrain maps display the Colombian Area of Operations; to include infrastructure identification, critical areas, strategic routes and privileged/friendly position. The equipment shall have the ability to connect to the integrated communications network of the Joint Command of the Colombia Military (COLMIL) Forces through the *existing* Motorola UNS 2.0 location server system to maintain current & real time location capabilities. The intent is that the system/network can identify and determine precise locations of Automatic Person Location (APL) monitors and Automatic Vehicle Location (AVL) sensors by using the *existing* COLMIL P25 ASTRO25 trunking network.

The system/equipment must include a visualization client compatible with the existing COLMIL Astro 25 Network; specifically a UNS Location Server version 2.0 with Protocol LRRP. This will enable the COLMIL to maintain continuity with existing support system(s) in order to consistently monitor geographical location (latitude and longitude coordinates) of vehicles and personnel equipped with COLMIL GPS-enabled equipment. The SCC support system must connect to the location server (UNS Location Server version 2.0 with Protocol LRRP), located on the ASTRO 25 master site (trunking radio network), which uses the integrated data service of the ASTRO 25 system, to communicate with conventional and trunked subscribers enabled with this capability and receive their coordinates, time marking and identification; The coordinates will be received by the server in WGS84 format.

The SCC visualization equipment must be compatible with the current Fuerzas Militares (FFMM)/COLMIL location system, the cartography will be provided by COLMIL.

Must have built-in GPS functionality without the need for an external accessory, in the quantities specified in the range section.

The position update period for portable units with GPS will initially be configured in a time not less than 30 minutes for data traffic control purposes.

The maps visualization client shall be provided by the existing software/system located at COLMIL facilities in Valledupar, Colombia.

The SCC support system must be able to receive information of at least latitude, longitude, and time information. For the remote operation of the visualization client, the necessary licenses must be contractor provided for the main-site.

The COLMIL will provide the IP connectivity to the UNS server located in the ASTRO25 Master Site with the following connectivity parameters:

- Latency 100ms
- Jitter: 20ms
- Packet Loss: 0.01%

The SCC support system must contain at least the following components:

- Central Processing Unit (CPU) of current generation. (Includes software licenses for the solution and the operating system).
- Windows 7 minimum operating system
- UNS Client (Motorola Server)
- Keyboard.
- Optical mouse.
- Display Screens in 3x3 Matrix Configurations

AUDIO INTEGRATION CONSOLE: The audio system and complete dispatching solution, allows the integration of remote COLMIL audios/telecommunications equipment; fire-team radios, Local Telephony and Cellular networks so that the command can consistently communicate and maintain situational awareness from any place through the itinerant or permanent creations of audio link. These are required to offer functions such as:

- Listen to different talk groups of the trunked system and conventional digital sites.
- Connection of several talk groups to make shared calls through audio patches.

- Receiving audio from all talk groups that are programmed, separating the audio from the active group and selected for communication at that time in a separate speaker.
- Transmit simultaneously to more than one talk group
- Make and receive individual calls to trunked subscribers.
- Display the identification of users or talk groups by name/callsign. (Configurable in database).
- Display an audible tone for emergency calls or alarms.
- Ability to have on-screen buttons with pre-configured multi-channel / group selection settings for automatic transmission to specific channels when the operator activates said button.
- Voice support with the Digital Voice Protection-Extra Large (DVP-XL) encryption algorithm on ASTRO25 trunked systems used by Comando General Fuerzas Militares (CGFM).
- Dispatch consoles must contain the following components:
 - o 21 "LED Monitor
 - o Central Processing Unit (CPU) (current generation). (Includes software licenses for solution and operating system)
 - o Keyboard
 - o Optical mouse
 - o Gooseneck microphone
 - o Headband
 - o Speakers
 - o Switch LAN Interconnect
 - o Router compatible with the Astro 25 IP system that includes analog audio interfaces for integration of external audio networks

The consoles must be fully compatible to existing COLMIL trunking system ASTRO 25 for interconnection to the entire communications platform. The COLMIL will provide IP connectivity to the master site of the trunked system with the following parameters:

- Latency 70ms
- Jitter: 20ms
- Packet Loss: 0.01%

The equipment must include ten (10) channel expansion kits. The expansion kits consist of transceiver, power supply, cables and jumpers.

CLAUSES INCORPORATED BY FULL TEXT

52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (OCT 2015)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that-

(i) The Offeror and/or any of its Principals-

(A) Are () are not () presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have () have not (), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation); and

(C) Are () are not () presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.; and

(D) Have , have not , within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples. (i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has () has not (), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

1. Technical Acceptability

a. This solicitation requires the communication equipment to be provided on a "Motorola Brand Name" basis, in accordance with specification stated in the solicitation.

b. Technical proposal shall consist of and must include following factors:

(1) Certification that the contractor will provide the equipment on the specifications included in the solicitation on a brand name basis. Certification shall be on the company letterhead and signed by an authorized representative of the company.

(2) Descriptive literature or brochures for the proposed brand name item that demonstrate that it meets or exceeds the characteristics of the requirement.

The Government reserves the right to make a technical acceptability determination without discussion with the offeror.

2. Price - Price will not be assigned an adjectival rating; however, proposed prices evaluated as

unreasonably high may be grounds for eliminating an offer from the competitive range. Price will be evaluated to determine if the offeror's proposed price is fair, reasonable, and balanced utilizing price analysis techniques in accordance with the guidelines in FAR 15.404-1(b). The Government will award contracts to offerors whose technically acceptable proposal represents the lowest price to the Government. Unless otherwise specified, offerors shall submit prices for all CLINs. Failure to submit a price for any CLIN/sub-CLIN shall result in the offer being considered unacceptable.

Award will be made to the lowest priced technically acceptable proposal.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(1) [___] Are, [___] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [___] Have, [___] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(4) [___] Have, [___] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. - (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of quotations;
- (3) The name, address, telephone number and email address of the quoter;

- (6) Price and any discount terms;
- (7) “Remit to” address, if different than mailing address;

(c) **Period for acceptance of quotations.** The quoter agrees to hold the prices in its quotation firm for 30 calendar days from the date specified for receipt of quotations.

(d) **Product samples.** When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of quotations. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender’s request and expense, unless they are destroyed during pre-award testing.

(e) **Multiple quotations.** Quoters are encouraged to submit multiple quotations presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each quotation submitted will be evaluated separately.

(f) **Late submissions, modifications, revisions, and withdrawals of quotations.**

(1) Quoters are responsible for submitting quotations, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that quotations or revisions are due.

(2) Any quotation, modification, revision, or withdrawal of a quotation received at the Government office designated in the solicitation after the exact time specified for receipt of quotations is “late” and will not be

A quoter located outside the United States must contact the local Dun and Bradstreet office for a DUNS number. The quoter should indicate that it is a quoter for a Government contract when contacting the local Dun and Bradstreet office.

(k) **System for Award Management.** Unless exempted by the Contracting Officer, the quoter shall be registered in the SAM database prior to issuance of purchase order, during performance and through final payment.
